All information submitted to the State is Vi Coactus V.C. (under duress)

Everything I ever said, did, wrote, or written that incriminates me as legally disabled and a cripple dependent on the State for the privilege of pittance survival income from the State is and always was **Vi Coactus**. a.k.a. "**UNDER DURESS**"

PSYCHOLOGICAL JARGON & BUZZ PHRASES OF INTEREST

many psychology buzz phrases or jargon which includes:

therefore covering up alleging being a victim of child sexual abuse: (I didn't report soon enough and was disbelieved or not taken seriously when I did.)

"COMPLEX POST TRAUMATIC STRESS DISORDER" (CPTSD) is the disabling condition / affliction that retroactively and preemptively supersedes and overarches all previous labels, diagnosis, stigmas, reports and other descriptors from, doctors and health care workers acting under their behalf (clinical tools, physicians, politicians, psychologists, psychiatrists, law enforcement nurse practitioners, nurses, security guards, politicians and any other order follower person positioned as a tool applying the forceful arm of the State).

Every alleged disabling condition/affliction imputed contrary to CPTSD by Doctors (and others mentioned) is null, void, and suspect of being egregious medical malpractice fraud with malicious intent, as some of those recommendations, treatments and demands of doctors demonstrably cause way more harm than good and exacerbate CPTSD.

I AM the disability benefit recipient, the prima facie living human witness to a lifetime of much disrespect from:

- mamby pamby, gullible, duped and abusive family members, community members, and friends of family members (especially during childhood),
- doctors, especially culminating into involuntary medical malpractice, abduction and abuse starting in 1996 and on through 2001 especially
- and many political situations causing and disrespecting a condition of CPTSD,

Many scholars of the subject of CPTSD make compelling cases, arguments, and proof for the overarching disabling condition being (CPTSD) and those who disagree with CPTSD being an unrespected causal factor of disabling conditions, are quacks, frauds, tools, and utter sychophants for big pharma that more often than not creates customers not cures.

Here is 1 basic introduction to CPTSD for reference

<https://cptsdfoundation.org/2019/09/03/what-is-complex-post-traumatic-stress-disorder-cptsd/>

Given the overwhelming weight of sometimes undeserving authority and credibility political doctors are granted to be judge, jury, executioner, and arbitrators who impute a stigma with a stroke of a pen, who wrongfully condemn who they allege diagnose as a disabling condition, in stark contrast to the tenants of the United States Constitution (especially the 6th Amendment)

“Sixth Amendment

“In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the state and district wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel for his defense.”

and **The Nuremberg Code.**

“The voluntary consent of the human subject is absolutely essential. This means that the person involved should have legal capacity to give consent; should be so situated as to be able to exercise free power of choice, without the intervention of any element of force, fraud, deceit, duress, overreaching, or other ulterior form of constraint or coercion; and should have sufficient knowledge and comprehension of the elements of the subject matter involved as to enable him to make an understanding and enlightened decision. This latter element requires that before the acceptance of an affirmative decision by the experimental subject there should be made known to him the nature, duration, and purpose of the experiment; the method and means by which

it is to be conducted; all inconveniences and hazards reasonably to be expected; and the effects upon his health or person which may possibly come from his participation in the experiment."

And as was plainly put by "[STATE EMPLOYEE DISABILTY DETERMINATOR] to me [UNDISCLOSED PHONE#]+

QUOTE: "Return the completed form(s) by October 7, 2021 If you do not return the form(s), **"we may decide"** the case based on **information we already have on file**. This means that we could find that you are not disabled based on our rules or that your disability has ended if you are already getting benefits" - [STATE EMPLOYEE DISABILTY DETERMINATOR] (unknown complete name) [undisclosed phone numbers]

The form I'm asked to fill out now for their contingency of their star chamber committee decision of whether or not I am crippled enough to get the survival pittance, the elephant in the room Question: Does [STATE EMPLOYEE DISABILTY DETERMINATORS#1 & #2] and their groupthink cult of people ever dare to offer me (the 1 and only prima facie living witness to "the disabling condition") what information "Disability Determination Services **"already has on file"**? or could **"have on file"** or **"might have on file"** based on their department's "rules" that I should know about? Are these forms even worth my time filling out by me again? The world may never know the willy nilly nature of what **might be** another nanny state tool, nanny state rule, for a nanny state machine "just following orders" dangling another carrot trying to entice incrimination from someone it never bothered to know much of anything about from its secret star chamber committee(s).

So once again, what cannot be repeated enough: everything said, written, every response, and every form filled out for the State is **Vi Coactus**.

Agreement to fill out the forms such as **"ssa-454-bk Continuing Disability Report"** and **"SSA-3373 - Revised Function Report – Adult OMB: 0960-0681"** and all other forms demanding reports and "showing the papers" describing medical conditions for pittance state welfare privileges, are all survival responses to a difficult unethical pigeonhole situation also known as "doublebind", **a.k.a.** coerced limited difficult options, **a.k.a.** dilemmas, **a.k.a.** or ("catch 22") **a.k.a.** (proverbially "between a rock and a hard place") **a.k.a.** a quandary. Therefore everything is filled out **V.C. Vi Coactus**

In other words, the limited options, "the doublebind situation" / V.C. now is a continuation of a situation that started a long, long time ago of Coerced and cajoled medical experimentation.

As long as the game of The Nanny State's predatory agenda forcing medical experimentation goes on:

Myself and others in far worse situations are under duress of **2 unfavorable options. In my situation:**

#1 get the pittance livable income known as "disability benefits" or some kind of "benefit" for submitting rehashed explanations, of "the disabling

condition" after a legacy of quackery, to incriminate myself again as satisfactorily damaged according to the "rules" of "Disability Determination Services" or #2 risk fumbling afflicted with CPTSD trying to "earn" a livable pittance wage bracing for the proverbial hammer of that pittance being above the "substantial gainful activity" income quota resulting disability benefit and other "disability benefits" (such as emergency health insurance) taken away.

That is the nature of demands after disabling condition is exacerbated by certain State policies of medical malpractice.

As of now 11th of January 2022 and in the foreseeable future,

- The critically massively conflicted worldwide political situation
 - along with the critically massively conflicted hostility between conflicted medical experts
- in conflict with
- the demands of those who want respect for basic human rights and those who agree with those conflicted findings of Coercion and Forced poisons,
 - and all the devastation to the world economy over differing perspectives of covid19

severely limited what remaining and diminished career opportunities were available to me between now and the last "Continuing Disability Review Report" / "Disability Determination Services" report.

The worldwide highly conflicted covid19 response should give clues of a pattern of untrustworthiness of politically powerful undeserving medical authority and a corrupt and broken system. In the United States especially, the current revelations of corruption from 1 certain infamous individual known as either 1 of if not "The Highest Paid Employee In The Entire Federal Government." Should be a big clue to the same kind of quacks and blindly obedient state tools pushing the same kind of tyranny.

True and honest statement of every one at the mercy of a bully's might since the dawn of time:

All information submitted Vi Coactus V.C. is (under Duress)

Vi Coactus (V.C.) everything I ever said, wrote/written that incriminates me as legally disabled and a cripple dependent on the State dangling carrots to receive pittance survival income or privileges from the State is and always was Vi Coactus. a.k.a. "UNDER DURESS"

Some blanket statement questions asked on form, especially the "yes or no" are so utterly lacking in context, dichotomous, biased, false dichotomy of politics and are so entirely open to interpretation by the arbitrator's star chamber committee that they are marked "unanswered deliberately" U.D. or "entirely depends on context" of the situation.
